PROVIDER NAME:

Timely Prefinished Steel Door Frames

PROGRAM TITLE:

Prefinished Opening Concept

PROGRAM NUMBER: T00002

PROVIDER NUMBER: J665

AIA/CES LEARNING UNITS: 1

THIS COURSE QUALIFIES FOR: HSW

LENGTH: 1 Hour

Registered Provider PROGRAM SUMMARY

PROGRAM OVERVIEW

This course provides an overview of Prefinished Steel Door Frames including a performance comparison with the standard frame types and a review of the product features and benefits.

LEARNING OBJECTIVES

- Identify the benefits of Prefinished Frames versus jobsite finished and hollow metal frames when selecting a suitable frame for your project
- Research and Calculate an estimate of the lower labor costs of Prefinished Frames
- Use specification information to consider appropriate options and designs when choosing a Prefinished Frame for successful installation
- Identify appropriate applications and uses for the different types of Prefinished Steel Door Frames
- Discover the unmatched design flexibility you have with Prefinished Steel Door Frames

FACILITATOR QUALIFICATIONS

All Timely AIA-CES presenters have been trained on CES guidelines and presentation skills.

METHOD OF DELIVERY

The CES facilitator utilizes a PowerPoint presentation to provide in-depth information about Prefinished Steel Door Frames. Classroom samples of frames discussed in the presentation enhance the learning experience.

AUDIO/VISUAL REQUIRED

Electrical power and a screen. The CES facilitator runs the program off their laptop.

COST TO PARTICIPANTS

There is no cost to present this program.
